Don't miss our legendary BBDC Parties!

On Friday, our DJs will get you in the right mood for the camp and make you rock and swing. The party in the Swingdiele is free of charge. On Saturday and Sunday there will be two dance floors and a live band. In the Swing-Diele, our great DJs will be spinning boogie-woogie and swing music throughout each night. You can win tickets for various camps and great prizes in our raffle, supporting Ukrainian dancers. Tickets are still available at check-in and at the box office.

Prices: Pre-order - 23€; On-site: 25 €; Reduced rate: 10 €

Live bands

Saturday: Carla and the Great Balls on Fire

Four fiery musicians and their lady with the strong and emotional voice. Their rhythm is contagious, it's Rock'n'Roll to swing along and dance away. And between sets, these five are known for taking the dancefloor themselves - they come from Boogie dancing, they live the Boogie!

Sunday: The Savoy Satellites Allstars

The Savoy Satellites know how to captivate both music lovers and dancers and turn every concert into a rousing experience. They play the swing of the 30s and 40s, the time when jazz was still pop, in a genuine and authentic way. Consisting of a female singer, three wind players and a rhythm section of four, the Savoy Satellites revive the sound of Benny Goodman, Duke Ellington, Count Basie and other swing icons. With their sound, the Savoy Satellites will transform any venue into a Harlem Renaissance dance hall.

General Information

Information regarding the classes

Class venues

There will be a lot of classes at different sports halls. Please look at our overview plan. The venue of your course is available from the schedule. All sports halls except for the “Tanzcenter Payer”, can easily be reached on foot from the Sportzentrum in only a few minutes. There are signs showing how to get there.

Level-Check

When: Saturday 10:00, as part of the classes

Boogie Woogie at Sportzentrum

Lindy Hop at the Gymnasium

The first class on Saturday is a level check, in which you can test, if your chosen class is a perfect fit. There will be no audition. The participants and the teachers decide if your level matches your class. If you think you should switch classes after this first lesson, you can talk to the teachers and then pick up a new wristband at the info-desk.

Attention Lindy Intensive! Here, the class content builds on one another within each day, but is identical within the three Intensive classes. After the first lesson, a switch is not recommended. There is the possibility though to dance the level check in the Intensive class and then switch to lindy open, if there are free spots.

There will be more information in this regards at the welcome and information session.

General Information

Classes

There are 11 Sports halls on Saturday and 10 on Sunday and Monday. Please find in the schedule where your courses are held.

Taster-classes

The taster classes have different topics. You can decide on the go, which class you would like to participate in.

Important: You need to read the entry requirements of the individual classes, e.g. Aerials!

The topics of the taster classes are shown in the schedule and in a brief summary available at the info-desk.

Dancing shoes / locker rooms

Please only enter the sport halls in dancing shoes without heels.

Locker rooms are available at every venue.

Change Partners!

In all classes, except Aerials and Boogie Woogie Competition, we are switching partners. Join us! Leading and following is a basic principle of swing dances. You practice this best, if you dance with different partners. Moreover, you will meet a bunch of great people!

Filming and Photography in the classes

Registered BBDC participants may - if the teacher gives consent - film and photograph class summaries for private purposes. Please ask the teachers, if they are willing to give you such a summary.

Tasters for all

Saturday

Shag Beginners - Larissa and Heiko

This taster will introduce this funny and dynamic dance, Collegiate Shag. Everyone can use this class to widen his or her repertoire. For Shag teachers, it might be interesting to get an insight on how our experienced guest teachers build a beginners class.

Balboa Beginners I - Elina and Dominik

Welcome to Balboa - we start from the very beginning! You will learn your first Balboa steps - this smooth and cool swing dance that you can dance particularly to fast music and that is the ideal complement to your other Swing dances.

Stealing - Jessy and Kuschi

It will be total fun! Jessy and Kuschi will show and work with you on tips and tricks to steal partners as a surprise. You should have solid footwork (also 8-counts) and be open to surprises when dancing.

Sunday

Balboa Beginner II - Elina and Dominik

We continue our taster from Saturday into the world of Balboa - but don't worry, if you missed it: We do a recap in the beginning so that you can still join in on Sunday as well.

Solo Jazz Choreo - Fine Allein

If you are interested in this class, we recommend joining the second special track class Solo Jazz. Tamy and Carla will work with the material they taught during the special class. The target is to produce a small routine/choreography that might be performed during the parties. You choose, if you want to participate!

Bugg - Wilma and Viktor

Wilma and Viktor are not only Champions in Boogie Woogie and Lindy Hop, but also in Bugg, a nordic swing dance. Using less steps but a lot of dynamics in lead and follow, you can dance Bugg to Boogie as well as modern music.

Tasters with basic skills needed

Saturday

Boogie Woogie

Musicality - Kerstin and Jojo

In this class, Kerstin and Jojo will work with you on simple tools to dance to the music and interpret the music properly.

Lindy Hop

Rhythm & Tap - Meret und Luciano

We will work on how to create and play with different rhythms as an individual and as a group. The focus will be on dancing solo, and you will learn some of the Tap basics.

Sunday

Boogie Woogie

Boogie Slow - Flora & Thorbjørn

Boogie Slow does not mean to dance basic footwork to slow music. Flora and Thorbjørn will introduce and work on a few characteristics and specialities that are part of a nice Boogie slow and should be part of every good Boogie dancer.

Lindy Hop

Tap in Lindy Hop - Meret und Luciano

We will show you some Tap basics and how to include them in your Lindy Hop. The goal is to increase your vocabulary on how to express different rhythms in dancing. The basic Lindy Hop figures should be known (Swing out, Circle, Change of place, Charleston).

Tandem Charleston - Jo und Viktor

Jo and Viktor will work with you on some funny variants of tandem charleston which can easily be included in your Lindy Hop dancing. Requirements are solid knowledge of the Charleston basics.
